

ORLEN OIL ULTOR DIESEL 20W-50

General features

Multigrade SHPD (Super High Performance Diesel) engine oil. It provides excellent lubrication for high-speed four-stroke Diesel engines of truck-tractors, HD vehicles, buses and special cars designed to meet emission standards EURO II.

Application

ULTOR DIESEL 20W-50 is designed primarily for use in trucks, buses and heavy machinery with diesel engines. It can be successfully applied for constructions operated in extreme load conditions. It is suitable for use in engines meeting the Euro II standard.

Quality class

API: CG-4/CF

Viscosity grad

SAE: 20W-50

Standards, approvals, specifications

Meets requirements:

Mercedes-Benz 228.1

MAN 271

Deutz DQC I-02

Physical and chemical properties

Parameters	Unit	Typical values
SAE viscosity grade	-	20W-50
Kinematic viscosity at 100 °C	mm ² /s	17,5-20,5
Viscosity index	-	120
Flow temperature	°C	-24
Sulphide ash	%	2,0
HTHS dynamic viscosity at 1500C, not lower than	mPa*s	3,5

Note: Physicochemical parameters listed in the table are typical values. Real values are stated in quality control certificates attached to each production batch.
