

ORLEN OIL HIPOL TRANS 90H

General features:

ORLEN OIL HIPOL TRANS 90H is a mineral gear oil based on high-quality base oils, containing additives improving lubricating properties and a package of high-quality enriching additives with antioxidant, anticorrosive and anti-foaming properties.

Application:

ORLEN OIL HIPOL TRANS 90H is intended for lubrication of motor vehicle transmissions, especially gearboxes and final drives of passenger cars, trucks and earth-moving machinery operating in difficult operating conditions.

Quality class:

API: GL-5

Viscosity grad:

SAE: 90

Physical and chemical properties:

Parameters	Units	Typical values
Density at temp. 15°C	g/cm ³	0,896
Kinematic viscosity at 100°C	mm ² /s	13,5
Flash point	°C	245
Pour point	°C	-27

Note: Physicochemical parameters listed in the table are typical values. Real values are stated in quality control certificates attached to each product lot.
