

ORLEN OIL GEAR SV 75W-80

General features:

Gear SV 75W-80 is a high quality synthetic gear oil. Application of the most modern Extreme Pressure additives provides the ability to carry heavy loads. Highest quality synthetic base oil guarantees excellent lubricating properties during the entire operation.

Guarantees:

- stability of the lubricating properties during operation,
- Excellent lubricating and anti-wear properties,
- The ability to carry heavy loads.

Application:

Gear SV 75W-80 is dedicated for use gearboxes, transmissions and axles, in cars, trucks and heavy construction machinery.

Viscosity grad:

SAE: 75W-80

Quality class:

API: GL-4

Standards, approvals, specifications

Meet requirements:

Mercedes-Benz 235.5
ZF TE-ML 02B, 08, 17A
MAN 341 Z2
DAF
Iveco
Eaton

Physical and chemical properties

Parameters	Units	Typical values
SAE Viscosity grade	-	75W-80
Kinematic viscosity at 100 °C	mm ² /s	9,087
Viscosity index	-	154
Solidification point	°C	-41
Flash-point	°C	216

Note: Physicochemical parameters listed in the table are typical values. Real values are stated in quality control certificates attached to each product lot.
